

COMMERCIAL GREENHOUSE
BENCHING
Custom benching systems

BUY PROSPIANT BENCHES ONCE. USE THEM FOR GENERATIONS.

Prospiant builds commercial-grade benching systems to match your crops, space, and workflow—with the strength and durability to handle tough environments and nearly any container size.

CUSTOM BUILT

We design, manufacture, and install benching systems for any size or type of greenhouse. Choose from standard widths and custom lengths.

INTEGRATED SYSTEMS

Add heating and irrigation—drip, ebb and flood, misting, or under-bench heat—directly into your benching setup.

BENCH TOP OPTIONS

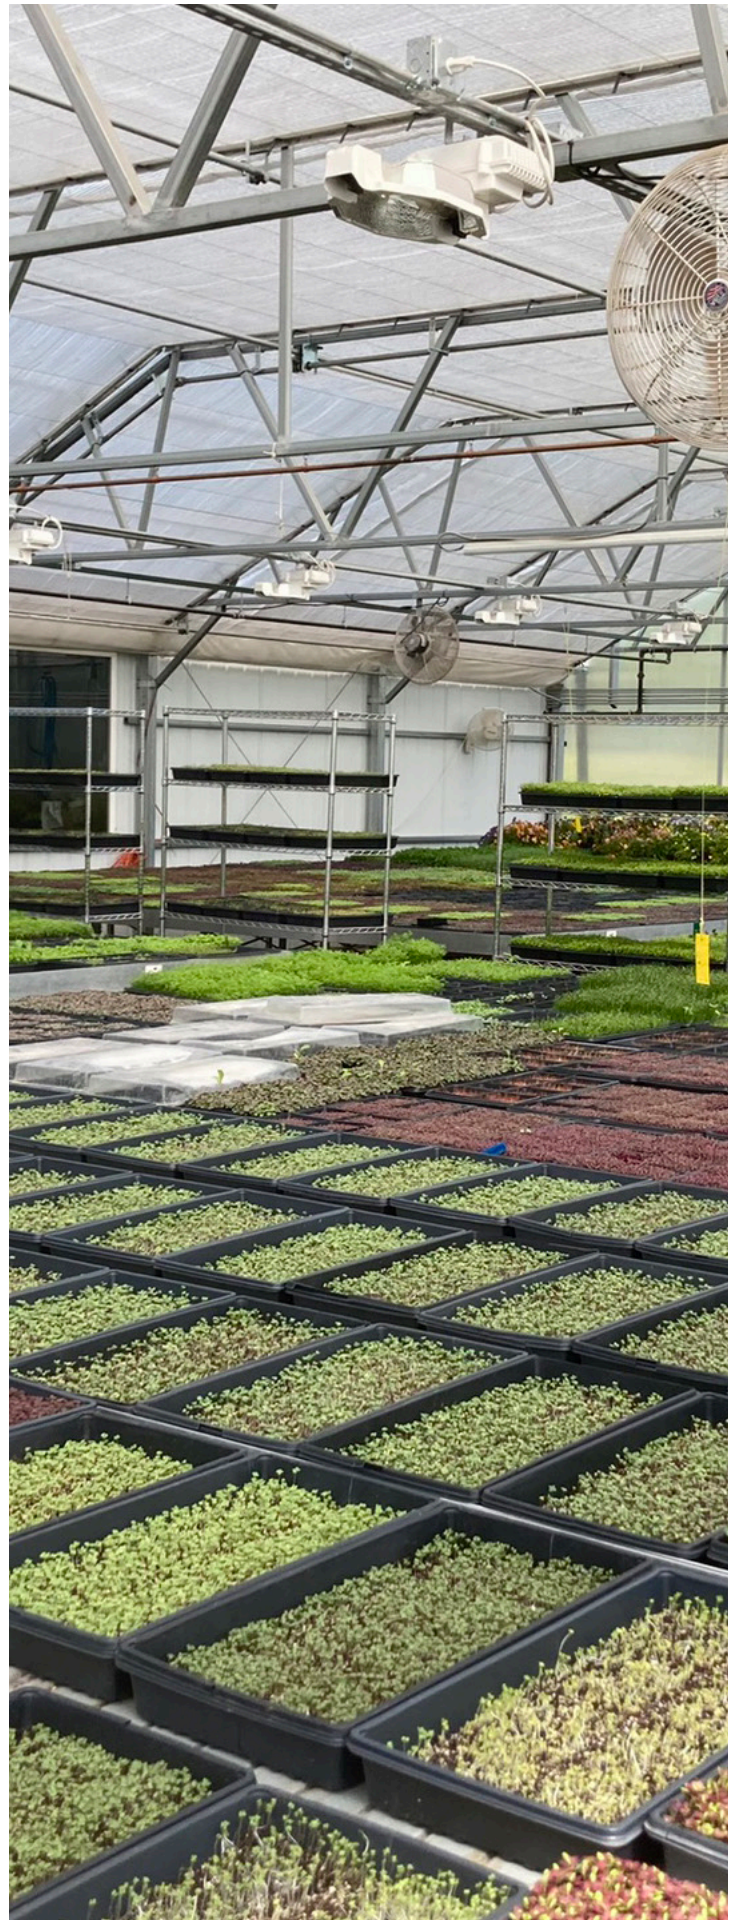

Select from aluminum troughs or wire, ebb and flood trays, expanded metal, or porous, high-density plastic.

NOTHING BUT THE BEST

Prospiant benches stand in a league of their own, unparalleled in design, durability, and functionality.

We build our benches to last with high-standard manufacturing and high-quality materials sourced in the U.S.

From manufacture to design to install, we're a one-stop-shop for all your benching needs.

TYPES OF BENCHING

STATIONARY/FIXED GROW TABLES

Provide easy plant access for customers and staff.

ROLLING BENCHES

Eliminate static aisle space with a single floating aisle.

EBB AND FLOOD BENCHES

Deliver uniform irrigation with less labor and less water waste.

PALLETIZED BENCHING

Take the heavy work out of material handling.

THE PROSPIANT BENCHING ADVANTAGE: A FOUR-WAY WIN

Labor Efficiency

- Ergonomic access
- Fewer worker movements
- Smoother work flow
- Improved plant access

Space Optimization

- Maximize production per square foot with rolling or palletized benching
- Move and rearrange stationary benches seasonally

Water and Energy Efficiency

- Higher plant density= more production per BTU with rolling or palletized benching
- Direct resources on crops, not aisles

Crop Quality

- Faster, healthier growth
- Reduced pest and disease risk
- Root-zone heating speeds plant growth
- Easier monitoring and scouting

PROSPIANT

EXPERIENCE THE POWER OF OUR EXPERT TEAM IN ACTION

Prospiant has a strong legacy, built on the foundation of three industry-leading brands, including Rough Brothers, Nexus Greenhouse Systems, and ThermoEnergy Solutions. With more than 150 years of combined expertise in greenhouse manufacturing, design, construction, and integration, our employees support customers in the commercial floriculture and nursery, retail, institutional, and produce markets.

- ✓ Design and value engineer* your project
- ✓ Build with local manufacturing and general contracting
- ✓ Integrate the perfect growing environment
- ✓ Operate your facility in optimum condition

*We work with partners to ensure proper, compliant performance of engineering and design services.
